President of the Croatian Democratic Union (HDZ)

*Sofia, Bulgaria*

**Dear President Karamarko,**

**Dear Tomislav,**

Herewith, I would like to wish you and the Croatian Democratic Union (HDZ) success in the forthcoming parliamentary elections. It is my conviction that as a member of the political family of the European People's Party (EPP), the Croatian Democratic Union is the right choice for a stable, long-term development of Croatia.

EPP has showed that its policies and high regard for the wellbeing of European citizens is the way forward to a prosperous and united European Union. GERB (Citizens for European Development of Bulgaria) has already proven that is the source of stability, successful long-awaited reforms, growth and development in Bulgaria. As a EPP sister party, I believe that HDZ under your leadership certainly has the capacity to follow GERB's example and take the responsibility to carry out the necessary economic reforms in Croatia that are vital to secure a bright future for the Croatian people.

Again, let me wish you a well-deserved victory at the upcoming elections.

With my very warm regards, I remain,

**Boyko Borissov**

Chairman of PP GERB
